

SCIENTIFIC PROGRAM

3rd VSCI CONGRESS

ASIAN PACIFIC ASSOCIATION OF ECHOCARDIOGRAPHY ANNUAL SCIENTIFIC MEETING THE 3RD VIETNAMESE CONGRESS OF CARDIOVASCULAR IMAGING

Da Nang, 10-12 October, 2025

ECHO ASIA 2025 and VSCI

10-12 October
DA NANG, VIETNAM

ASIAN PACIFIC ASSOCIATION OF ECHOCARDIOGRAPHY

in collaboration with the Vietnamese Society of Cardiovascular Imaging and the Vietnamese Society of Echocardiography

Paticipating Countries

Australia China Hong Kong India Indonesia Japan Malaysia Philippines Saudi Arabia Singapore South Korea Taiwan Thailand United States Vietnam

Program Highlights

- Imaging in Heart Failure
- Tricuspid Valve Disease
- Cardiomyopathies/Pericardial Diseases: Case-based Learning
- Cardio-Oncology
- Adult Congenital Heart Disease
- Non-invasive Hemodynamics:
 Case-based Presentations
- Ventricular (LV and RV) Systolic Function
- Aortic Stenosis

Greetings,

On behalf of the Asian Pacific Association of Echocardiography (AAE), I cordially invite you to attend AAE's annual scientific meeting, Echo Asia 2025, to be held in Da Nang, Vietnam from Oct 10 to Oct 12, 2025. Da Nang is a beautiful city which lies on the coast of the Pacific Ocean and the Han River, full of scenery, bridges, culture, and delicious food. We will have 3 days of scientific and social exchange among all who are interested or specialized in Echocardiography.

Echocardiography has become an essential diagnostic and management tool for patients with various cardiovascular conditions, with its reliable capacity to assess cardiac structure, function, and hemodynamics. Asian-Pacific community has contributed significantly to the development of Echocardiography since its early stage. Initial description of mitral inflow velocity for diastolic function, introduction of color flow imaging, diastolic exercise echocardiography, strain imaging of the left atrium as well as left ventricle, echocardiographic features of constrictive pericarditis, descriptions of various cardiomyopathies, vector imaging, normal echocardiographic values of Asians, and assessment of coronary flow reserve are examples of contributions from the Asian-Pacific investigators. At the same time, there is a great need to propagate optimal use of Echocardiography by a widespread training and also to collaborate further to investigate conditions common or unique to the Asian-Pacific region.

During a short period of existence, AAE has become an internationally recognized organization with 14 Asian Pacific Echo societies or working groups. Echo Asia goes to AAE member location for training and collaboration in clinical investigations. We will dedicate the plenary session to a plenary speaker, Dr. Kazuaki Negishi (Australia) who will give a presentation on "Cardio-Oncology" followed by a debated on systolic function assessment by ejection fraction versus strain imaging. There will be sessions on heart failure, structural heart diseases, congenital heart diseases, Echo hemodynamics, and Echo quiz session.

We will also invite abstract submission for active discussion from international attendees, I like to invite you and your colleagues to participate in our annual meeting, Echo Asia, to develop a life -long friendship, carrier development, collaborative innovations, and the best of all, optimal care of our patients.

Looking forward to seeing you in Da Nang this October!

Juknaneth

Jae K. Oh, MD
President, Asian-Pacific Association of Echocardiography
Founding General Director, Heart Vascular Stroke Institute, Samsung MC, Korea
Samsung Professor, Cardiovascular Medicine, Mayo Clinic, USA

Welcome Message

On behalf of the Organizing Committee of the Vietnam Society of Cardiovascular Imaging (VSCI), we extend our warmest greetings and sincere appreciation to esteemed colleagues and distinguished delegates in the fields of Diagnostic Imaging, Nuclear Medicine, and Cardiovascular Medicine, including both Internal Medicine and Surgery.

The Organizing Committee of the Annual Scientific Conference of the Vietnam Society of Cardiovascular Imaging is honored to host the 2025 Annual Scientific Meeting of the Asian-Pacific Association of Echocardiography and the 3rd Vietnam Cardiovascular Imaging Conference. This event will take place in Da Nang City, Vietnam, from October 10 to 12, 2025. The Organizing Committee cordially invites esteemed colleagues, both domestic and international, in the field of cardiovascular imaging to submit scientific abstracts and thematic clinical update presentations for participation in the Conference.

At the Conference, the Organizing Committee will dedicate a significant portion to thematic presentations by 60 leading experts from Asia, the Pacific region, Australia, and the United States. These keynote sessions will provide strategic overviews and the latest updates on key topics in cardiovascular imaging and echocardiography in Vietnam and globally, as well as other relevant subspecialties in the field.

The 3rd Annual Scientific Conference of the Vietnam Society of Cardiovascular Imaging will be held in Da Nang City – a vibrant coastal city by the East Sea, renowned as one of the most livable cities in Vietnam. Da Nang offers a harmonious blend of breathtaking natural landscapes, a dynamic urban lifestyle, and warm-hearted people. It is a popular tourist destination that attracts millions of visitors each year.

We sincerely appreciate your valuable contributions to the success of this year's conference. We also hope that your presence will enrich scientific discussions and inspire further practical and international research initiatives.

We look forward to welcoming you to Da Nang City and working together to make this a truly successful and memorable scientific event.

Sincerely yours,

On behalf of the Organizing Committee

Assoc. Prof. Hoang Minh Loi, MD, PhD

President, Vietnam Society of Cardiovascular Imaging (VSCI)

Vice President, Vietnam Society of Radiology and Nuclear Medicine (VSNRM)

Welcome Message

On behalf of the Vietnamese Society of Echocardiography, we are honoured to extend our warmest welcome to Echo Asia 2025 and the 3rd Vietnam Cardiovascular Imaging Conference!

We cordially invite you to join us in the beautiful coastal city of Da Nang, Vietnam, from October 10-12, 2025, at the Muong Thanh Luxury Hotel. This three-day conference will bring together global experts who will share their knowledge on cutting-edge topics regarding echocardiography, cardiovascular imaging, heart failure, structural and congenital heart diseases, and related subspecialties. We encourage all participants to contribute to our scientific program through abstract submissions and clinical case presentations.

Da Nang offers a beautiful setting for our conference, situated on Vietnam's central coast where the Han River meets the Western Pacific Ocean. Da Nang presents attendees with a unique opportunity to experience Vietnam's natural beauty, rich cultural heritage, and renowned culinary traditions. The city's pristine beaches, historic landmarks, and vibrant local culture provide the perfect complement to our scientific program, ensuring that participants will find both professional enrichment and memorable cultural experiences during their visit.

Your participation will help us improve cardiovascular care worldwide. We look forward to welcoming you to Vietnam for what promises to be an enriching and impactful scientific event.

Sincerely,

On behalf of the Organizing Committee

Assoc.Prof. Pham Nguyen Vinh, MD,PhD President, Vietnamese Society of Echocardiography Vice President, Vietnam National Heart Association

SCIENTIFIC PROGRAM **ECHO ASIA 2025**

LOTUS BALLROOM

FRIDAY, OCTOBER 10th

| 13:00 - 15:00 | BASIC COURSE: VENTRICULAR (LV AND RV) SYSTOLIC FUNCTION |
|---------------|--|
| | Chairpersons Amiliana Soesanto (Indonesia) Jose Donato Magno (Philippines) |
| 13:00 - 13:15 | Physiology of systole: What to quantify? Mani Vannan (United States) |
| 13:15 - 13:30 | Myocardial strain imaging Kazuaki Negishi (Australia) |
| 13:30 - 13:45 | LV systolic function evaluation by 3D echo Ding Zee Pin (Singapore) |
| 13:45 - 14:00 | Discussion |
| 14:00 - 14:15 | RV Systolic Function evaluation Amiliana Soesanto (Indonesia) |
| 14:15 - 14:30 | Echo with Contrast Enhancing Agents Juefei Wu (China) |
| 14:30 - 15:00 | Discussion and Wrap-up |

LOTUS BALLROOM

FRIDAY, OCTOBER 10th

| 15:00 - 17:00 | BASIC COURSE: AORTIC STENOSIS |
|---------------|--|
| | |
| | Chairpersons |
| | Edwin Tucay (Philippines) - Ewe See Hooi (Singapore) |
| 15:00 - 15:15 | Imaging of the aortic valve |
| 15.00 - 15.15 | Jose Donato Magno (Philippines) |
| 15:15 - 15:30 | Assessing the LV in AS |
| 15:15 - 15:50 | Yoshihiro Seo (Japan) |
| 15:20 15:45 | Pitfalls in AS evaluation |
| 15:30 - 15:45 | Yen-Yee Oon (Malaysia) |
| 15.45.46.00 | Low-Flow AS |
| 15:45 - 16:00 | Barakath Badusha (Malaysia) |
| 16:00 - 16:15 | Discussion |
| | Planning for TAVI |
| 16:15 - 16:30 | Liu Chun-Ting (Taiwan) |
| 16:30 - 16:45 | Detecting procedural complications |
| 10:30 - 10:45 | Mohammed Rizwan Amanullah (Singapore) |
| 16:45 - 17:00 | Discussion and Wrap-up |

LOTUS BALLROOM

| 09:00 - 10:30 | PLENARY SESSION |
|---------------|---|
| | Chairpersons Jae K. Oh (United States) - Hoang Minh Loi (Vietnam) |
| 09:00 - 09:20 | Echo Asia Lecture: Cardio-Oncology Kazuaki Negishi (Australia) |
| 09:20 - 10:30 | DEBATE: LVEF SHOULD BE SUPERSEDED BY STRAIN FOR CLINICAL DECISION MAKING |
| | Chairpersons Hae Ok Jung (South Korea) - Pham Nguyen Vinh (Vietnam) |
| 09:20 - 09:30 | Protagonist Liza Thomas (Australia) |
| 09:30 - 09:40 | Antagonist Rakesh Gupta (India) |
| 09:40 - 09:55 | Discussion |
| 09:55 - 10:30 | Conclusion |

LOTUS BALLROOM

| 10:30 - 12:00 | ECHO ASIA 1: IMAGING IN HEART FAILURE (12 MINUTES EACH TALK) |
|---------------|--|
| | Chairpersons Ling Lieng Hsi (Singapore) - Yoshihiro Seo (Japan) |
| 10:30 - 10:42 | LV function assessment in critically ill patients |
| 10.30 - 10.42 | Mefri Yanni (Indonesia) |
| 10:42 - 10:54 | Diastology Guidelines for 2025 |
| 10.42 - 10.54 | Jae K. Oh (United States) |
| 10:54 - 11:06 | Left atrial strain and Exercise Hemodynamics in HFpEF |
| 10.01 11.00 | Liza Thomas (Australia) |
| 11:06 - 11:18 | Atrial Fibrillation in HF: How to Assess Cardiac Function? |
| 11.00 11.10 | Amuthan Vivekanandan (India) |
| 11:18 - 11:30 | Right ventricular function in HF: Understanding RV-PA coupling |
| 11.10 11.00 | Geu-Ru Hong (South Korea) |
| | Mechanical Support for the Failing Heart: |
| 11:30 - 11:42 | What the Echocardiographer needs to know |
| | Lixue Yin (China) |
| 11:42 - 12:00 | Discussion |

LOTUS BALLROOM

| 13:30 - 15:00 | AAE - ASE JOINT SESSION |
|---------------|--|
| | Chairpersons |
| | Jae K. Oh (United States) - Stephen Little (United States) |
| 13:30 - 13:45 | Optimal timing of aortic valve replacement |
| | Saki Ito (United States) |
| | Arrhythmic mitral valve prolapse |
| 13:45 - 14:00 | Tomoko Ishizu (Japan) |
| | Atrial functional mitral regurgitation |
| 14:00 - 14:15 | Alex Lee (Hong Kong) |
| | Prosthetic valve guidelines: What's new? |
| 14:15 - 14:30 | Stephen Little (United States) |
| 4400 4445 | Stress echocardiography for valvular heart disease |
| 14:30 - 14:45 | Masaki Izumo (Japan) |
| 14:45 - 15:00 | Discussion |
| | |

LOTUS BALLROOM

| 15:30 - 17:00 | ECHO ASIA 2: TRICUSPID VALVE DISEASE |
|---------------|---|
| | Chairpersons Alex Lee (Hong Kong) - Geu-Ru Hong (South Korea) |
| 15:30 - 15:45 | Anatomy, Causes, Quantitation of Tricuspid regurgitation Hiroto Utsunomiya (Japan) |
| 15:45 - 16:00 | Pulmonary Hypertension and secondary tricuspid regurgitation - Unraveling the Pathophysiology with Echo |
| | Edwin Tucay (Philippines) |
| 16:00 - 16:15 | Patients with severe Tricuspid regurgitation: When to intervene? |
| 10.00 10.13 | Jagdish Mohan (India) |
| 16:15 - 16:30 | TEE: What are the essential views for planning intervention? |
| 20,20 20,00 | Ewe See Hooi (Singapore) |
| 16:30 - 16:45 | Novel devices and interventional approaches for tricuspid regurgitation |
| | Stephen Little (United States) |
| 16: 45- 17:00 | Discussion |
| | GALA DINNER |

LAVENDER BALLROOM

| 13:30 - 15:00 | ABSTRACT PRESENTATIONS INTERESTING CLINICAL CASES |
|---------------|--|
| | Chairpersons Jagdish Mohan (India) - Vu Nang Phuc (Vietnam) |
| 13:30 - 13:40 | Interesting finding on echocardiography with dilated Sinus of Valsalva |
| | Low Lin Yi Beatrice (Singapore) |
| 13:40 - 13:50 | ARCTIC procedure (Annular Reduction by Cinching with TEER in the commissure) in a patient with mitral annular calcification |
| | Tran Minh Phuong (Vietnam) |
| 13:50 - 14:00 | TOF Situation: A Case of an Unrepaired Tetralogy of Fallot with Pulmonary Artery Hypoplasia and MAPCAs in a 28-Year-Old Female |
| | Edward D. Wong (Philippines) |
| 14:00 - 14:10 | Sinus Venosus ASD with Partial Anomalous Pulmonary Vein Return among Adult Patients who Underwent Warden Procedure in a Tertiary End-Referral Cardiovascular Center: A Case Series |
| | Giuliani Renz G. Paas (Philippines) |
| 14:10 - 14:20 | Libman- Sacks endocarditis: Regression after immunosuppressive and anticoagulant therapy in a patient with newly diagnosed SLE and positive antiphospholipid antibodies |
| | Tran Hai Yen (Vietnam) |
| 14:20 - 15:00 | Discussion |

LAVENDER BALLROOM

| 15:00 - 16:00 | ABSTRACT PRESENTATIONS INTERESTING CLINICAL CASES |
|---------------|--|
| | Chairpersons Ding Zee Pin (Singapore) - Smonporn Boonyaratavej (Thailand) |
| 15:00 - 15:10 | Hypertrophic Cardiomyopathy with HFrEF Presenting as Complete Heart Block Successfully Managed with Dual-Chamber ICD Implantation |
| | Janine Bianca Marie M. Rafael (Philippines) |
| 15:10 - 15:20 | An incidental finding of valvular heart disease in a young filipino male with ankylosing spondylitis |
| | Florence E. Carvajal (Philippines) |
| 15:20 - 15:30 | The Anchor First: A Modified Sequential Clipping Strategy for Complex Mitral Valve Prolapse |
| | Phan Tuan Dat (Vietnam) |
| 15:30 - 15:40 | Acute post TAVI aortic regurgitation: Why on-site TEE matters? |
| 13.30 - 13.40 | Dinh Huynh Linh (Vietnam) |
| 15:40 - 15:50 | Transcatheter Aortic Valve Replacement for Severe Aortic Regurgitation with Flail Right Coronary Cusp in a High-Risk Patient with Complex Cardiovascular History |
| | Krizia Anne Claudine B. Tomenes (Philippines) |
| 15:50 - 16:00 | Discussion |
| | |

LOTUS BALLROOM

SUNDAY, OCTOBER 12th

| 17:30 - 17:45 | Discussion, Q&A, Summary & Group Photo |

APRICOT BALLROOM FRIDAY, OCTOBER 10th

| 14:00 - 17:00 | CME HANDS-ON WORKSHOP ON SPECTRAL CT |
|---------------|---|
| | Chairperson |
| | Nguyen Ngoc Trang - Nguyen Minh Chau |
| 14:00 - 14:30 | Advances in Cardiac CT |
| 14.00 - 14.50 | Nguyen Ngoc Trang |
| 14:30 - 15:45 | Clinical Case Analysis & Reporting – Cardiology |
| 14.50 - 15.45 | Rolf H.J.M. Raaijmakers |
| 15:45 - 16:30 | Coffee break |
| | Hands-on: Cardiac Cases from E Hospital |
| 16:30 - 16:45 | Rolf H.J.M. Raaijmakers |
| | Hoang Ngan Thuy |
| 16:45 - 17:00 | Q&A |
| 18:00 | FACULTY DINNER |

LAVENDER BALLROOM

| 09:00 - 10:00 | PLAQUE IMAGING |
|---------------|---|
| | Chairpersons Nguyen Phuoc Bao Quan - Mona Bhatia (India) |
| 09:00 - 09:20 | Why Coronary atherosclerosis imaging is important. Interesting multimodality cases Mona Bhatia (India) |
| 09:20 - 09:40 | Plaque analysis on IVUS Tran Ba Hieu |
| 09:40 - 10:00 | Role of Cardiac CT in early detection of CAD updated 2025 Mona Bhatia (India) |
| 10:00 -10:30 | Break |

LAVENDER BALLROOM

| 10:30 - 12:00 | SCIENTIFIC SESSION 1 |
|---------------|--|
| | Chairpersons Nguyen Quoc Dung - Ngo Minh Tri |
| 10:30 - 10:40 | The Role of Coronary CT Angiography in Diagnosis and Treatment Planning of Coronary Artery Disease - Clinical Applications in S.I.S Hospital |
| | Nguyen Duc Chinh Applications of FFR CT and iFR CT - New Trends |
| 10:40 - 10:50 | in Diagnosis of Coronary Artery Disease |
| | Nguyen Xuan Trinh |
| 10:50 - 11:00 | CMR in acute MI |
| | Pham Thi Thao Trang |
| 11:00 - 11:10 | Cardiac MRI Findings of Eosinophilic Endocarditis: Report of Two Clinical Cases at Bach Mai Hospital |
| | Tran Thi Ly |
| 11:10 - 11:20 | Assessment of LV systolic function based on LV long axis strain by speckle tracking echocardiography in hypertensive patients with preserved EF |
| | Le Lenh Luong |
| 11:20 - 11:30 | Updated applications of dual-energy computed tomography in the diagnosis of acute and chronic pulmonary embolism |
| | Nguyen Hoang Lam |
| 11:30 - 11:40 | The role of trans-esophageal echocardiography in patients with undetermined stroke |
| | Tran Thi Tuyet Nhung |
| 11:40 - 11:50 | Application of Focused Cardiac Ultrasound (FOCUS) and Lung Ultrasound (LUS) in the differential diagnosis and guidance of bedside shock management |
| | Tran Thanh Toan |
| | |

APRICOT BALLROOM

SATURDAY, OCTOBER 11th

| 10:00 - 11:15 | SYMPOSIUM GE & MENARINI: ADVANCEMENT IN CARDIAC CT |
|---------------|---|
| | Chairpersons Vo Tan Duc - Nguyen Ngoc Trang |
| 10:05 - 10:25 | Adoption of Effort-les Cardiac CT to improve workflow & diagnostic outcomes Trinh Tu Tam |
| 10:25 - 10:45 | Advancing CCTA with Iso-osmolar Contrast Media: Key Insights from the ASEAN Expert Meet Pham Thi Hieu Thao |
| 10:45 - 11:05 | Real-world evidence with Iso-osmolar Contrast Media in CCTA: Clinical Cases at HMUH Le Viet Dung |
| 11:05 - 10:30 | Discussion, Q&A, Conclusion |

LOTUS BALLROOM

| 12:00 - 13:30 | GE HEALTHCARE SATELLITE SYMPOSIUM |
|---------------|---|
| | Chairpersons Geu-Ru Hong (South Korea) - Le Minh Khoi (Vietnam) |
| 12:05 - 12:50 | Shifting dimension of TAVI imaging with 4D and miniature TEE Mohammed Rizwan Amanullah (Singapore) |
| 12:50 - 13:05 | Redefining Cardiac Imaging: The Next Leap |
| 13:05 - 13:30 | Discussion, Q&A, Conclusion |

LAVENDER BALLROOM

| 12:00 - 13:30 | SIEMENS HEALTHINEER SATELLITE SYMPOSIUM |
|---------------|--|
| | Chairpersons Edwin Tucay (Philippines) |
| 12:10 - 12:20 | Introducing the ACUSON Origin Siemens Healthineers representative |
| 12:20 - 13:20 | Al and Recent advancement in Echo Mani A. Vannan (United States) |
| 13:20 - 13:30 | Discussion & Wrap-up |

JASMINE BALLROOM

| 13:30 - 12:00 | CARDIAC CT: STATE OF THE ART |
|---|--|
| | Chairpersons Pham Minh Thong - Sung Min Ko (S.Korea) |
| 13:30 - 13:50 | Practical Approach to Photon Counting CT in Cardiovascular Imaging Francois Pontana (France) |
| 13:50 - 14:10 | Integrating CT-FFR and CT Perfusion in the Physiologic Assessment of Coronary Artery Disease |
| 14:10 - 14:30 | Sung Min Ko (S.Korea) Artificial Intelligence in Coronary Computed Tomography: Breakthrough in Plaque Analysis |
| 14:30 - 14:50 | Al in Cardiac CT Rolf H.J.M. Raaijmakers (Netherlands) |
| 14:50 - 15:00 | Discussion |
| 15:00 - 15:30 | Break |
| | |
| 15:30 - 17:00 | UPDATE CMR |
| 15:30 - 17:00 | UPDATE CMR Chairpersons Hoang Minh Loi - Nguyen Khoi Viet |
| 15:30 - 17:00 15:30 - 15:50 | Chairpersons |
| | Chairpersons Hoang Minh Loi - Nguyen Khoi Viet Hot topics CMR 2025 Ming Yen Ng (Hong Kong) MRI in HF |
| 15:30 - 15:50 | Chairpersons Hoang Minh Loi - Nguyen Khoi Viet Hot topics CMR 2025 Ming Yen Ng (Hong Kong) |
| 15:30 - 15:50 15:50 - 16:10 | Chairpersons Hoang Minh Loi - Nguyen Khoi Viet Hot topics CMR 2025 Ming Yen Ng (Hong Kong) MRI in HF Nguyen Khoi Viet Strain CMR |
| 15:30 - 15:50 15:50 - 16:10 16:10 - 16:30 | Chairpersons Hoang Minh Loi - Nguyen Khoi Viet Hot topics CMR 2025 Ming Yen Ng (Hong Kong) MRI in HF Nguyen Khoi Viet Strain CMR Nguyen Thi Huyen 4D Flow |

APRICOT BALLROOM

| 15:30 - 17:00 | CARDIO-ONCOLOGY |
|---------------|---|
| | Chairpersons Mai Hong Son - Nguyen Xuan Canh |
| 15:30 - 15:50 | Nuclear Medicine in Cardiology: from Vietnam to the world Mai Hong Son |
| 15:50 - 16:10 | PET-CT in cardiac mass Nguyen Xuan Canh |
| 16:10 - 16:30 | CMR for Cardio-oncology Duong Phi Son |
| 16:30 - 16:50 | Echocardiography Giap Thi Minh Nguyet |
| 16:50 - 17:00 | Discussion |
| 18:30 - 21:00 | GALA DINNER |

LAVENDER BALLROOM

SUNDAY, OCTOBER 12th

| 08:30 - 10:00 | SCIENTIFIC SESSION 2 | | | |
|---------------|---|--|--|--|
| | Chairpersons Nguyen Anh Vu - Le Thi Thuy Lien | | | |
| 08:30 - 08:40 | Multimodality imaging in aortic valve disease Duong Phi Son | | | |
| 08:40 - 08:50 | MSCT with ECG-gated for Valsalva aneurysm Truong Thi Thanh | | | |
| 08:50 - 09:00 | Mimics of Complications in the Postsurgical Aorta at CT Tran Tien Manh | | | |
| 09:00 - 09:10 | Correlation Between Clinical Characteristics and Multidetector CT Imaging With Treatment Outcomes of Thoracic Aortic Injury at Viet Duc University Hospital Pham Thi Nga | | | |
| 09:10 - 09:20 | Comparison of left atrial volume, left atrial appendage volume, and epicardial adipose tissue volume between patients with paroxysmal and persistent atrial fibrillation Nguyen Thi Thao | | | |
| 09:20 - 09:30 | Echocardiography for detection abnormal left coronary artery from PA in children Thai Viet Tuan | | | |
| 09:30 - 09:40 | MRA: Thoracic Outlet Syndrome - TOS Dang Quang Linh | | | |
| 12:00 - 13:30 | Lunch | | | |

LAVENDER BALLROOM

SUNDAY, OCTOBER 12th

| 13:30 - 15:00 | CARDIAC CT INNOVATIONS |
|---------------|--|
| | Chairpersons Le Thanh Dung - Nguyen Khoi Viet |
| 13:30 - 13:50 | PCCT in Vietnam Ngo Quang Dinh |
| 13:50 - 14:10 | CT-FFR in Vietnam Nguyen Xuan Trinh |
| 14:10 - 14:30 | Spectral CT Hoang Ngan Thuy |
| 14:30 - 14:50 | ECG less cardiac CT Trinh Tu Tam |
| 14:50 - 15:00 | Discussion |
| 15:00 - 15:30 | Break |

JASMINE BALLROOM SUNDAY, OCTOBER 12th

| 13:30 - 15:00 | WOMAN'S HEART IMAGING | |
|---------------|--|-----------------|
| | Chairpersons Nguyen Thi Thu Hoai - Nguyen Quoc Dung | |
| 13:30 - 13:50 | Echocardiography | Trinh Viet Ha |
| 13:50 - 14:10 | СТ | Sung Min Ko |
| 14:10 - 14:30 | MRI | Tran Thi Quynh |
| 14:30 - 14:50 | Vascular imaging | Nguyen Tuan Hai |
| 14:50 - 15:00 | Discussion | |
| 15:00 - 15:30 | Break | |

LAVENDER BALLROOM

SUNDAY, OCTOBER 12th

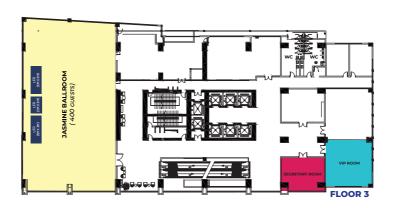

| 15:30 - 17:00 | SCIENTIFIC SESSION 3 | | |
|---------------|--|--|--|
| | Chairpersons Le Kim Tuyen - Hoang Thi Van Hoa | | |
| 15:30 - 15:40 | Multimodality imaging in the diagnosis and monitoring of tetralogy of Fallot Huynh Thi Minh Thuy | | |
| 15:40 - 15:50 | Major aortopulmonary collateral arteries (MAPCAs) Le Van Thinh | | |
| 15:50 - 16:00 | Case report: Eustachian valve persistent and SVC hypoplasia caused hypoalbuminemia in adult Quach Thuy Duong | | |
| 16:00 - 16:10 | Multimodality imaging in the diagnosis and monitoring of Ebstein anomaly Huynh Thi Minh Thuy | | |
| 16:10 - 16:20 | Gerbode Defect – A Report of Two Clinical Cases and the Role of Echocardiography and Cardiac Magnetic Resonance Imaging in Diagnosis Nguyen Thanh Van Anh | | |
| 16:20 - 16:30 | Case report: Abnormal RCA across the RA at Viet Duc friendship hospital Nguyen Thanh Van | | |
| 16:30 - 16:40 | Contrast echocardiography using agitated saline: Pulmonary arteriovenous malformation Thai Viet Tuan | | |
| 18:00 - 18:15 | CLOSING CEREMONY | | |

JASMINE BALLROOM SUNDAY, OCTOBER 12th

| 15:30 - 17:00 | STRUCTURAL HEART DISEASE | |
|---------------|------------------------------------|------------------|
| | Chairpersons | |
| | Vu Dang Luu - Le Minh Khoi | |
| 15:30 - 15:50 | Echocardiography | |
| | | Le Minh Khoi |
| 15:50 - 16:10 | Cardiac MRI | |
| | | Nguyen Minh Hai |
| 16:10 - 16:30 | Image-guided for CHD interventions | |
| 10.10 - 10.30 | | Tran Dac Dai |
| 16:30 - 16:50 | Image-guided for LAA occlusion | |
| | | Nguyen Minh Hung |
| 16:50 - 17:00 | Discussion | |
| 18:00 - 18:15 | CLOSING CEREMONY | |
